Professional Requirements for all certified employees:

High Quality PD Definition

High Quality professional development is defined in 704 KAR 3:035 Section (1) (1) as "those experiences that systematically, over a sustained period of time, enable educators to facilitate the learning of students by acquiring and applying knowledge, understanding, skills, and abilities that address the instructional improvement goals of the school district, the individual school, or the individual professional growth needs of the educator". Appendix A of this document contains the *KDE Standards for High Quality Professional Development.*

Who is required to complete professional development hours?

Answer: ALL certified teachers are required to complete 24 hours of professional development above the regular school day in order to complete the required minimum school term. If the teacher is employed for less than the minimum school term, then the amount of professional development required is pro-rated.
